THE COMFORT PRODUCTS PEOPLE

Vented Fireplace Logs

Enhance and revitalize the appeal of your fireplace with the charming realism of handcrafted logs!

Classic Oak

Capture the essence of a living fire in your hearth, with a new Williams gas log set from our series of eleven handcrafted models.

Each set has been created to be indistinguishable from a log fire and includes saw-marked ends, axe-split marks and natural knotty wood barks round which flickering flames lick.

Classic Designer Oak

Classic Birch

Design Features

- ❑ Easy operation - No fuss or mess, no cresote buildup
- ❑ Eliminates costly firewood
- ❑ No electricity required
- ❑ Remote control sets available
- ❑ Burner assemblies/logs may be ordered separately

A = CSA; R = RADCO; N = Natural; P = Propane; MV = Millivolt

* Safety Pilot Kit may be added. ***Model 4235*** for natural gas. ***Model 4236*** for propane gas.

** Add 6″ to minimum width (front and rear) if the Gas Valve Safety Pilot Kit is used.

FEATURES

•Burner assemblies are interchangeable with all log sets. Both CSA and RADCO burner assemblies include: Heavy gauge steel burner pan, steel bar grate, sand (natural gas models), lava rock, burning embers, complete hardware for gas connection and damper clamp.

•CSA listed models are equipped with a safety pilot or millivolt control system. CSA approved propane models include vermiculite instead of sand.

IMPORTANT

- Read owner’s manual before using.
- Photographs are representative only.
- Check local codes and ordinances for permitted uses.
- Consult installation manual for clearances prior to installation.
- We reserve the right to amend product specifications without notice.
- Installation and servicing recommended by a qualified service person.
- Please read the warranty for any limitations or disclaimers. All parts carry a one-year limited warranty.
- Specify propane or natural gas when ordering. Units are not intended for conversion between fuel types.
